

Technical Program

SÖKKVABEKKR 2026

September 21 – 24

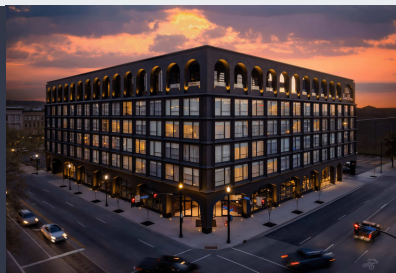

Louisville, Kentucky | Hotel Bourré Bonne

www.sokkvabekkr.com

Monday, September 21

Begin your SÖKKVABEKKR experience with a 2-3 hour walking tour of Louisville's cultural heritage. Attendees may choose between four highlights: three premier bourbon distilleries or the Louisville Slugger Museum & Factory.

8:00 PM SÖKKVABEKKR Welcome Reception
Hotel Bourre Bonne Pool Bar - 6th Floor

7:30-8:15 AM Badge Pickup and Breakfast

8:15-8:30 AM Opening Remarks

Session 1: Completions

Session Chair: Meg Dodge, Drill2Frac

8:30-9:00 AM Reserves Between Clusters: Strategic Approach to Refracs and Infill Development in the Delaware Basin

Michael Barber, Devon Energy

9:00-9:30 AM Gummy Bears: What They Are, Why They Form, and What They Teach Us About Completion Fluid Interactions

Kimberley Mac Ewen, Roughneck Consulting

9:30-10:00 AM Where's the Proppant? Plug Isolation Impacts on Treatment Uniformity and Production Performance

Tyler Conner, OXY

10:00-10:07 AM Commercial Message from Titanium Sponsor - **Prospera Energy**

10:07-10:40 AM Coffee Break

www.sokkvabekkr.com

Tuesday, September 22

Session 2: Diagnostics to Development Planning

Session Chair: Autumn Shannon, Chord Energy

- | | |
|----------------|---|
| 10:40-11:10 AM | What the Offsets Reveal: Fracture Growth in the Midland Basin
Nathan Peregoy, Ovintiv |
| 11:10-11:40 AM | Minerva - Devon's AI Driven Field Development Planning Tool
Daniel Crews, Devon Energy |
| 11:40-12:10 PM | Compelling Optimization Case Studies Using Multiple Real Time Diagnostics
Zach Shulock and Jason Watford, Patina Energy |
| 12:10-12:15 PM | Commercial Message from Gold Sponsor - Quorum Energy |
| 12:15 -1:15 PM | Lunch |

Session 3: Well Performance

Session Chair: Trevor Ingle, Devon Energy

- | | |
|--------------|--|
| 1:15-1:40 PM | Quantifying Shale Performance Drivers Across 100,000 Wells
Ryan Hassen, whitson |
| 1:40-2:05 PM | Coming Back Around: A Data-Driven Look at U-Turn Well Performance
Ryan Sullivan, Grey Rock Investment Partners |
| 2:05-2:30 PM | Identifying and Quantifying Pressure-Dependent Performance - a Delaware Wolfcamp Case Study
Darryl Tompkins, Revo Testing Technologies |
| 2:30-2:55 PM | Delta First or Delta Last? A New Perspective on Multiphase Calibration Workflows for Shale Reservoirs
Alejandro Lerza, Chevron |
| 2:55-3:00 PM | Commercial Message from Gold Sponsor- KAPPA |
| 3:00-3:30 PM | Coffee Break |

Session 4: Tight/Shale EOR

Session Chair: Todd Hoffman, Montana Technological University

3:30-4:00 PM Maximizing Value in a Miscible EOR Pilot – Anadarko Case Study
Bray Brownrigg, Continental Resources

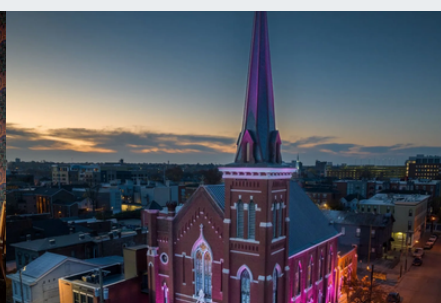

4:00-5:00 PM EOR Panel Session

Moderator: • Todd Hoffman, Montana Technological University

Panelists: • Johannes Alvarez, Chevron
• Hosein Kalaei, ConocoPhillips
• Damon Bennett, Devon Energy
• David Schechter, Louisiana State University

5:00-5:07 PM Commercial Message from Titanium Sponsor- **Novi Labs**

6:30 PM Dinner Reception at The Last Refuge

7:15-8:00 AM Breakfast

Session 5: Market Insights

Session Chair: Kurt Rucker, Verdad Resources

8:00-8:30 AM Subsurface Pressure Trends and Implications for Exploration across the Permian, Rockies, Mid-Con and the GC
Bryan McDowell, Sabata

8:30-9:00 AM Machine Learning View of Remaining Inventory, Secondary Revenue Streams, and Emerging Zones in the Permian
Kiran Sathaye, Novi Labs

9:00-9:30 AM A Peek Across the Fencelines: 2026 E&P Software Survey Market Share Data and Trends
Zack Warren, Velocity Insight

9:30-10:00 AM Argentina's Vaca Muerta Shale: Unlocking the Next Major Unconventional Boom
Juan Pablo Francos, DeGolyer and MacNaughton

10:00-10:05 PM Commercial Message from Gold Sponsor - **Patina Energy**
10:05-10:30 AM Coffee Break

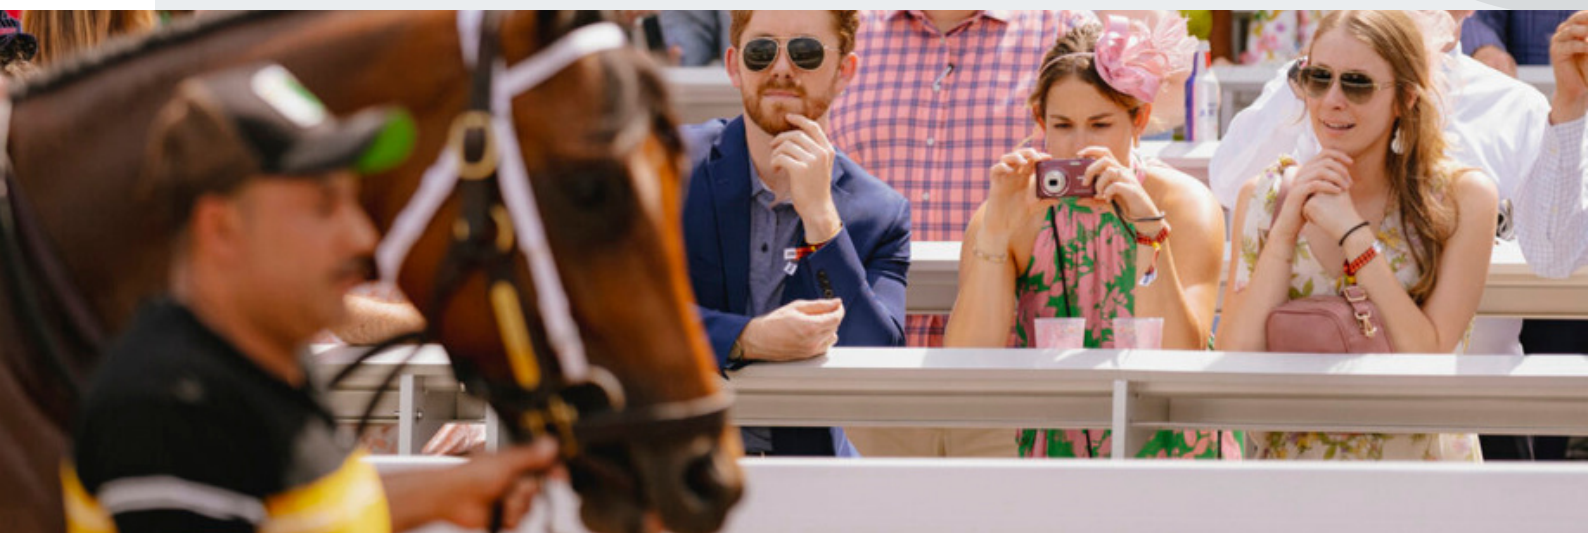

Session 6: Integrated Reservoir Studies

Session Chair: Daniel Nakaska, PETRONAS Abu Dhabi; Alireza Haghighat, S&P Global Energy

- | | |
|----------------|---|
| 10:30-11:00 AM | Closing the Loop: Murphy Type Wells to Living Forecasts in whitson+
Wail Hubaishi, Alex Galley, Murphy Oil and Venkata Chavali, whitson |
| 11:00-11:30 AM | Data, Depletion, and Design: Turning Geology Into Development Decisions
Kaelie Broussard, Oxy |
| 11:30-12:00 PM | Integrated Workflow to Analyze and Improve Field Development: a
Waterflood Case Study
Viacheslav Guk, Guk Engineering |
| 12:00-12:15 PM | Commercial Message from Platinum Sponsor - whitson |
| 1:15-5:30 PM | Lunch and Afternoon at the Races - Churchill Downs |

7:30-8:30 AM

Breakfast

Session 7: No Paynesville in the Haynesville

Session Chair: Christie Ward Schultz, R Lacy

8:30-9:00 AM

Feed Gas from the Frontier: Derisking Non-Core Dry Gas for Long-Term LNG Supply

Caitlin Merrick, Caturus

9:00-9:30 AM

Being Certain in an Uncertain Environment: Development Planning in the Haynesville

David Jones, NextEra Energy Resources

9:30-9:35 AM

Commercial Message from Gold Sponsor - **S&P Global Energy**

9:35-9:50 AM

Coffee Break

Session 8: AI in Engineering Workflows

Session Chairs: Mike Davies, Novi Labs; Mindy Spellmen, Kimmeridge

9:50-10:15 AM

Real-Time Field Development Optimization using AI

David Anderson, SAGA Wisdom

10:15-10:45 AM

Knowledge Capture, Not Task Performance: Stop Prompting, Start Documenting

David Fulford, EIV Capital

10:45-11:15 AM

Keep Judgment Human. Let AI Handle the Rest

Husam Rahman, AAI Agency

11:15 AM

Hair of the Dog Coffee Break and Goodbye
